

Dear Contractor,

We look forward to having you join the list of talented contractors selected to build or make additions to homes in Bridgewater Golf Community.

We are very proud of our neighborhood and we have guidelines which are required to be followed in regards to construction specifications. Enclosed with this letter are our Protective Restrictions, Covenants, Limitations, Easements and Approvals. With this document we require all contractors intending to work in Bridgewater to carefully read and sign stating they will abide by its requirements. We are also asking the home and lot owners who have retained your services to take responsibility for any damage done to surrounding properties during the construction project. This includes erosion control or sediment runoff. Please read over this information at <http://www.in.gov/idem/stormwater/2331.htm>

Prior to beginning construction please sign and return this letter acknowledging receipt of Bridgewater's Restrictive Covenants.

Sincerely,

**Ms. Emily Ganshorn
