

THE COMMUNITY

THE AUBURN COMMUNITY

Bridgewater's proud to be located in Auburn, a community with its world-renowned automobile museums, beautiful county courthouse, historic homes, and serenity accorded only to rural communities.

Auburn is a city that built a library, a hospital, a YMCA, a community swimming pool, a bike way, and a senior center all with private donations from the community.

Education in the DeKalb Central School District encompasses four elementary schools, one middle school, and DeKalb High School. Lakewood Park Christian School, located in a large nature setting, offers private elementary and secondary education.

Today, Auburn has over 10,000 residents and is an expanding community with a full range of lifestyles and activity options. Making Auburn your home may well be the nicest thing you will ever do for your self and your family.

Be a part of our family!
