

WHY CHOOSE AUBURN?

Take your pick from our many advantages!

- Community-owned fiber optic infrastructure (Auburn Essential Services) supports delivery of telecommunications services (phone/voice, Internet, and TV), facilitates the utilization of smart grid technology and manages the distribution of electricity throughout the City's service territory
- Lowest municipal electric rate in state
- Municipally-owned water and sewer system that has been supporting businesses and residents with low rates for decades
- Close proximity to two airports, rail lines and several metro highways including 101 lakes
- Less than 200 miles from Indianapolis, Chicago and Detroit
- Extensive manufacturing and transportation/logistics networks
- Employer base that is strong in both large corporations as well as small businesses and start-ups
